

**VERTE.032CPCCC1D****PATENT****Serial No. 10/726,774****Amendment in Response to Phone Interview****REMARKS**

The courtesies extended by Examiner El-Arini is granting a telephone interview with attorney for Applicant, Brian L. Belles, are noted with appreciation. During the interview, Examiner El-Arini brought U. S. Patent 5,071,776 ("Matsushita") to the attention of Mr. Belles. It was agreed that the claims of the present application should be amended to distinguish the claimed inventions from the batch immersion process of Matsushita. Accordingly, this Amendment is being filed.

It was further discussed that the terminal disclaimer filed on April 4, 2006 was defective in that it identified the wrong patents. Thus, this terminal disclaimer is withdrawn. The Examiner and the Applicant agree that the Terminal Disclaimer should be withdrawn. Per the Examiner's instructions, no replacement or further Terminal Disclaimer is necessary in this case.

It is believed that this amendment will put the application in condition for allowance.
